

# EDUCATIONAL INSTITUTIONALIZATION OF THE DRY VALLEY REHABILITATION AND PRODUCTIVE USE (DVRPU) APPROACH

## **DREAM II Learning Event II**

Date: 28 April 2021

### Outcomes:

DVRPU offers great potential for impact as larger scale. Key is building human resource capacities

#### **Educational institutionalization to:**

- Build the human capitals for implementation
- Mainstream DVRPU into day-to-day operation of practitioners and policy operators
- Align role of universities and TVETs into the upscaling process

#### **A comprehensive process is needed:**

- In the short run short courses at universities and TVETs for practitioners
- Address the capacity gaps at universities and TVETs, build dedicated staff
- Address staff turnover
- Curriculum development with strong links to market demand
- Research on DVRPU approaches
- Building a client network, including mentorships
